MVN SENIOR SECONDARY SCHOOL

SECTOR - 88, FARIDABAD

Nurturing a child's growth in an environment that combines Education and Exercise.

MVN Senior Secondary School

INFORMATION BROCHURE

An innovative curriculum facilitated by a state-of-the-art infrastructure.

Welcome To

MVN

Every child bears the gifts of talent and virtue, which must be nurtured and encouraged to create a generation of empowered and empathetic future citizens. MVN Senior Secondary School, Sector – 88 was established to be that oasis of learning and growth that exposes young minds to all the possibilities of the world – academic, spiritual and physical.

Inside the school's welcoming gates exists a world of modern pedagogy, designed to spark the unique abilities of each child to life, through a range of stimulating activities and enriching experiences. The lines between theoretical learning and practical understanding blur with smart classrooms and well-equipped laboratories giving students the chance to visualize and intuit new concepts. They are given the room to express their innate passions through a range of select clubs, so that limitations of time and opportunity may never hamper the ambitions of our students.

MVN Senior Secondary School, Sector 88, lives up to its commitment to excellence with its expansive sports facilities. Carrying on a rich legacy of sports and physical education, pioneered by the Group Founder, Shri Gopal Sharma, the school mandates regular physical training for students. Besides that, the world-class Badminton, Basketball, Table Tennis Courts and Swimming Pool give students the chance to practice and excel in different sporting disciplines. To help in their progress, MVN Secondary School, Sector 88 also employs some of the finest sports coaches drawn from institutions like the Sports Authority of India.

Even as children learn and grow, MVN Senior Secondary School, Sector 88 gives them a sense of responsibility and their place in a larger community. They discover new ways to positively impact the world around them, whether it be through the pursuit of curiosity, the values of teamwork, or even the courage to pursue their dreams.

MVN Society

Late Shri Gopal Sharma set up the Modern Vidya Niketan Society in 1983 to realize his vision of 'Quality Education For All'. An endeavor that began with the establishment of a senior secondary school in Sector 17 soon grew and developed, on the strength of MVN's holistic approach to learning. These principles were further honed with the launch of MVN Senior Secondary School, Aravalli Hills, in 2000, followed by the MVN School, Palwal and a charitable institution for underprivileged children in Khambi, called the Gopal Sharma Modern Vidya Niketan.

MVN Senior Secondary School, Sector 88, carries on the rich legacy of MVN Society and ushers the timeless ideals of quality education into a new world of technology. It marks the growth of the MVN Society, ably led by its President, Mr. Varun Sharma, into a guiding light of holistic learning. A culture of nurturing academic excellence together with a mission to create well-groomed individuals, guides all pedagogic interventions and infrastructural requirements at MVN Schools. And with MVN Senior Secondary School, Sector 88, the group is ready to play a leading role in shaping the future of India.

OUR FOUNDER

Shri Gopal Sharma

Shri Gopal Sharma, an eminent educationist, a good Samaritan, a repository of knowledge, and a true karma yogi, transformed the education scenario in the quaint industrial town of Faridabad and catapulted the backyard of the National Capital to the national level.

Shri Gopal Sharma Sir revolutionized the face of education in Faridabad with the establishment of Modern Vidya Niketan School in the year 1983. A tale of capturing dreams and turning them into reality began at MVN, where values and education in sync define excellence in education. He firmly believed that a school should aim at building an integrated personality that is a harmonious balance of body, thoughts, and aspirations, which helps a child to realize his or her unique potential.

He could gauge the demand of thousands of students who were clamoring for quality education and made this his mission in life. What sets the peerless apart from the prosaic is their vision, mission and commitment. As former President APJ Abdul Kalam had said "Dream is not what you see while sleeping; It is something that does not let you sleep". Shri Gopal Sharma Sir always exhorted the students to "dream big to achieve big."

He walked the talk and dreamt of and laid the foundation of the MVN group of schools that aim to provide a conducive environment for students to ideate experiments, explore and reach new zeniths where students are encouraged to think out of the box, take calculated risks, when required, and develop a scientific and rational temperament.

Sir made this onerous task his ultimate goal. Scores of IITians, doctors, chartered accountants, and defense personnel had their careers shaped by their alma mater, courtesy of one man whose midas touch transformed their lives and made them exceptional. The magnum opus, hence crafted, soon left every educational institution behind and created a new benchmark for others to emulate.

A well-balanced personality combines a harmonious blend of gravitas and athleticism. Shri Gopal Sharma, a great sports enthusiast himself, put a high premium on not only developing the best sporting facilities and hiring the best coaching faculty but also training the students in various sports and promoting sportsmanship. His passion for sports and his desire to instill the same in his students led him to invite a great sporting personality like Mr. Kapil Dev to the school's Sports Day event as Chief Guest to exhort the students to strike a perfect balance between studies and sports.

Shri Gopal Sharma Sir was perceptive and discerning enough to realize that the entire objective of education is to inculcate virtues like karma, humility, righteousness, purity of thought and mind and above all, to fight for truth and justice. He firmly believed that education humanizes a person and it is only under the able guidance of a teacher that worthwhile education can have a long term aim.

***"Brave are men who work, while others sleep,
Who dare while others fly,
They build a nation's pillars deep,
And lift them to the sky."***

He often said that the need of the hour is to provide the society with good human beings. A social crusader, sir's heart beats for the lowly and downtrodden. He knew education is the only way to bridge this chasm and toiled to make a difference. His philanthropic activities included free education to meritorious students from the EWS category. Sir's humility, self-discipline and perseverance endeared him equally to his pupils, staff and parents.

Sir's vision lives on and today the MVN fraternity works tirelessly to take his vision to dizzying heights

Mrs. Kanta Sharma

Managing Director's Message

MVN Society stands at the forefront of ingenuity in education where academic perfection lays the groundwork for the formation of a holistic personality. Our preeminence is built on our ability to help our students realize their truest potential. We recognize the best way to do this is by molding them into progressive, socially responsible and ethical citizens.

Every student admitted to our school receives personal guidance, thanks to established norms of close student-pupil interactions. These young students are provided guidance, encouragement and the means to discover their latent talents in the realms of scholastic, sporting achievement and personality development. Their excellence is facilitated by the world-class infrastructure they get to enjoy, which ignites their love of discovery, competition and self-improvement.

Along with parents, MVN schools form a reliable nexus of care and discipline that ensures that the precocious abilities of our young minds are not frittered away. Instead, it inculcates an indomitable spirit within them that extols them to live up to MVN's motto of "Ever To Persevere." It's this perseverance that eventually leads them to break through limits and achieve greatness. And when they do, we at MVN Society would have fulfilled our founding mission.

Mr. Varun Sharma

President's Message

At MVN, we strive to serve the vision of our founder, Shri Gopal Sharma, by providing every student with the foundation, the capabilities, and the means to achieve the pinnacle of success. To realize this dream, we have created a vibrant and welcoming learning community that allows every student to fulfill their physical, academic, and spiritual potential.

Our educational philosophy is always evolving to ensure we provide students with the most enriching experiences and introduce them to the power of critical thinking, creativity and collaboration. After all, the quest for excellence goes beyond just scholastic achievements to the development of well-rounded personalities. It reinforces itself every time our students find joy in pursuing new knowledge beyond the confines of a textbook, or when they surpass their limits on the field of sport, and even when they form friendships that will last a lifetime.

As part of the school's management, our primary responsibility remains that of facilitators. Whether it's providing world-class infrastructure, a comprehensive program for academic and personal development or creating positive collaborations between teachers and parents, we are always pioneering initiatives for a more student-centric institution, all are geared towards the larger goal of building a stronger, progressive and self-confident India.

Mr. Jai Prakash Gaur

Director's Message

Modern Vidya Niketan, a dream project of Late Sh. Gopal Sharma is now a resplendent group of schools. Having completed four decades of illustrious learning in the field of education and striding forth with dedication and commitment, we yearn to put MVN onto the global map.

Gurudev Rabindranath Tagore conceptualized India to be a land of people- 'Where the mind is without fear and the head is held high'. Today we are a part of the world where not only are we free to pursue our heart's desire but also to stride forth confidently with technological advancements by our side. With technology to aid us, we are now armed to be a part of the world, free to exercise our will, live life wholesomely and pursue our dreams.

Our motto being 'Satyameva Jayate' – truth alone prevails, like potter to clay, the students are sculpted to reach the pinnacle of success on the strong foundation of high self esteem and confidence. Students participate in the learning process and our team of highly qualified, experienced and dedicated faculty proactively pursues a policy of unfolding latent talent. The result of which is an enviable track record of academic excellence.

MVN envisages this unparalleled tradition of 'Excellence and Success' to flourish in the decades to come. It is my proud privilege to be a part of this endeavour. It gives us immense pleasure to see our dedicated team of educators nurturing talent for a vibrant nation.

Mr. Prafull Kumar

Academic Director's Message

During his lifetime, our founder, Shri Gopal Sharma, demonstrated the power of knowledge in transforming communities. Wherever MVN schools have set up a base, we have witnessed a steep growth in awareness and academic achievement. Our success is borne out of the kind of students we prepare, in their ingenuity and clarity of thought. While 'sky's the limit' might be a cliché for some, for us it's an aim we strive for. Every child is nurtured by a pedagogic discipline that has been honed over three decades of shaping brilliance. The sparks of virtue that have delivered some of MVN's most memorable achievements and created our exalted reputation have also helped mold a curriculum that opens up a vista of opportunities for our students. Whether it's fitness training, arts and crafts, or even lab-based experimentation, our students find the perfect environment to discover a balance between health, education, and emotion.

We stride forward with faith in our methodology and pride in the rich legacy we represent. At MVN, we are mere custodians of this tradition of excellence. Its true bearers are the students who assimilate the lessons and qualities embedded in every MVN School, and emerge to lead India to a better tomorrow.

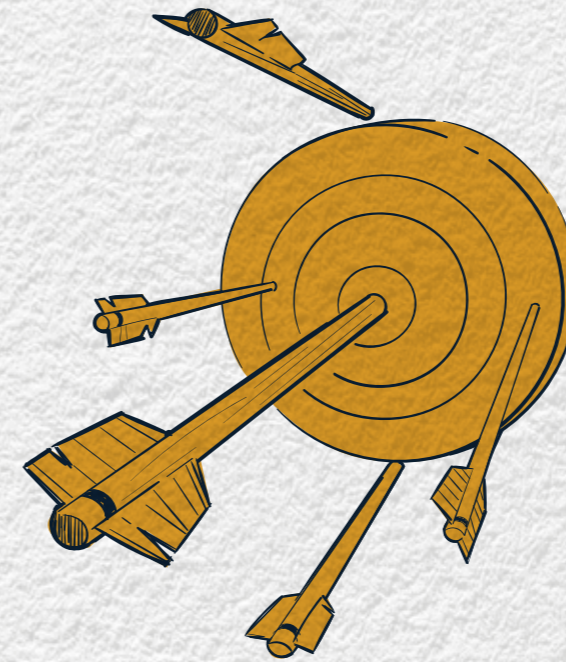

Ms. Vibha Mendiratta

Principal's Message

Most grand undertakings begin with small steps. Our avowed mission to turn young students into socially responsible, ethical, and happy citizens is another grand ambition shaped by little moments of discovery in the classroom, inspiration on the sporting field and minor habits that make a compassionate human being.

Our aim as educators is to make these little transformative moments in a child's life as fruitful and impactful as possible. That's why our smart classrooms are complemented with cutting-edge laboratories so that learning can continue beyond the teachers' instructions. This is why MVN Schools boast of such capacious outdoors and first-rate sporting facilities so that our budding sports persons have all the room to compete and grow. And of course, our commitment to inculcating positive habits is reflected in how closely we monitor the spiritual and emotional development of our students.

The years that children spend at MVN schools won't be marked by just academic qualifications but by significant signs of growth and evolution, by the way they treat their fellow beings in the ethical stands they take and the determination with which they pursue their goals. These will be the men and women who will build the India of tomorrow and our greatest contributions to the nation.

Vision

To be recognized as a center of excellence in the field of education by meeting current and future challenges.

To unlock students' potential and instil discipline and confidence through our principle of "Education for All".

To grow rapidly through a tradition of quality, reliability, and technological innovation.

Mission

Help students develop to their fullest potential physically, mentally, emotionally, psychologically, and spiritually.

Promote the development of basic skills, a positive attitude, analytical thinking, and inquiry-based learning.

Inculcate appreciation and respect for cultural diversity.

WHAT MAKES US UNIQUE

Challenges Overcome by MVN

OFFERING	ENABLING	DEDICATING	MEASURING
'All work and no play makes Jack a dull boy' While the above adage is true, most schools struggle to provide a proper ambience to sports enthusiasts.	future talents with our state-of-the-art sports amenities and experienced trainers.	4 periods per week of punctilious physical training to ascertain continuous and consistent progress.	performance through standardized fitness tests and proficiency certifications while ensuring regularity through meticulous attendance systems.

Proper sporting arena- A major challenge for schools.

'All work and no play makes Jack a dull boy' While the above adage is true, most schools struggle to provide a proper ambience to sports enthusiasts.

As per a survey, merely 5-10% students consistently dominate play area during games period.

90% of students feel demotivated by lack of personal zone to display their talent. Consequently they take a back seat, preferring to chat instead during games period.

Playing in an outdoor sports complex result in ill health owing to pollution.

At any given point 10 students can play basketball, football and volleyball respectively. 2-4 students can take to table-tennis, badminton and tennis court. A large swimming pool provides perfect ambience to 30-40 students.

Even under the able guidance of experienced coaches, students are unable to avail their expertise.

At MVN 88, a commodious Indoor Sports Complex allows students to have a run on the field, aided and guided by able sports coaches.

Need of a mega facility to achieve such tough goals, an infra that can create enough space and give

“INDIVIDUAL”

attention to thousands of students

The MVN Way

Exercise is intrinsically embedded into the school curriculum to achieve 100% reach, considering exercise just another subject, like Math or English, ensures time-bound completion of targeted physical exercise programs.

Large exercise areas where the entire class can take a session with ample space and no excuses.

Grades of performance in exercise and attendance in exercise are linked to the final certificate each year.

Four periods per week are dedicated exclusively to exercise, so that weekly delivery is consistent and effects on the body are visible.

Can't achieve the same when 4 students are playing badminton and others are sitting on the bench. Indoor state-of-the-art facilities allows 160 to 200 students to exercise at one go.

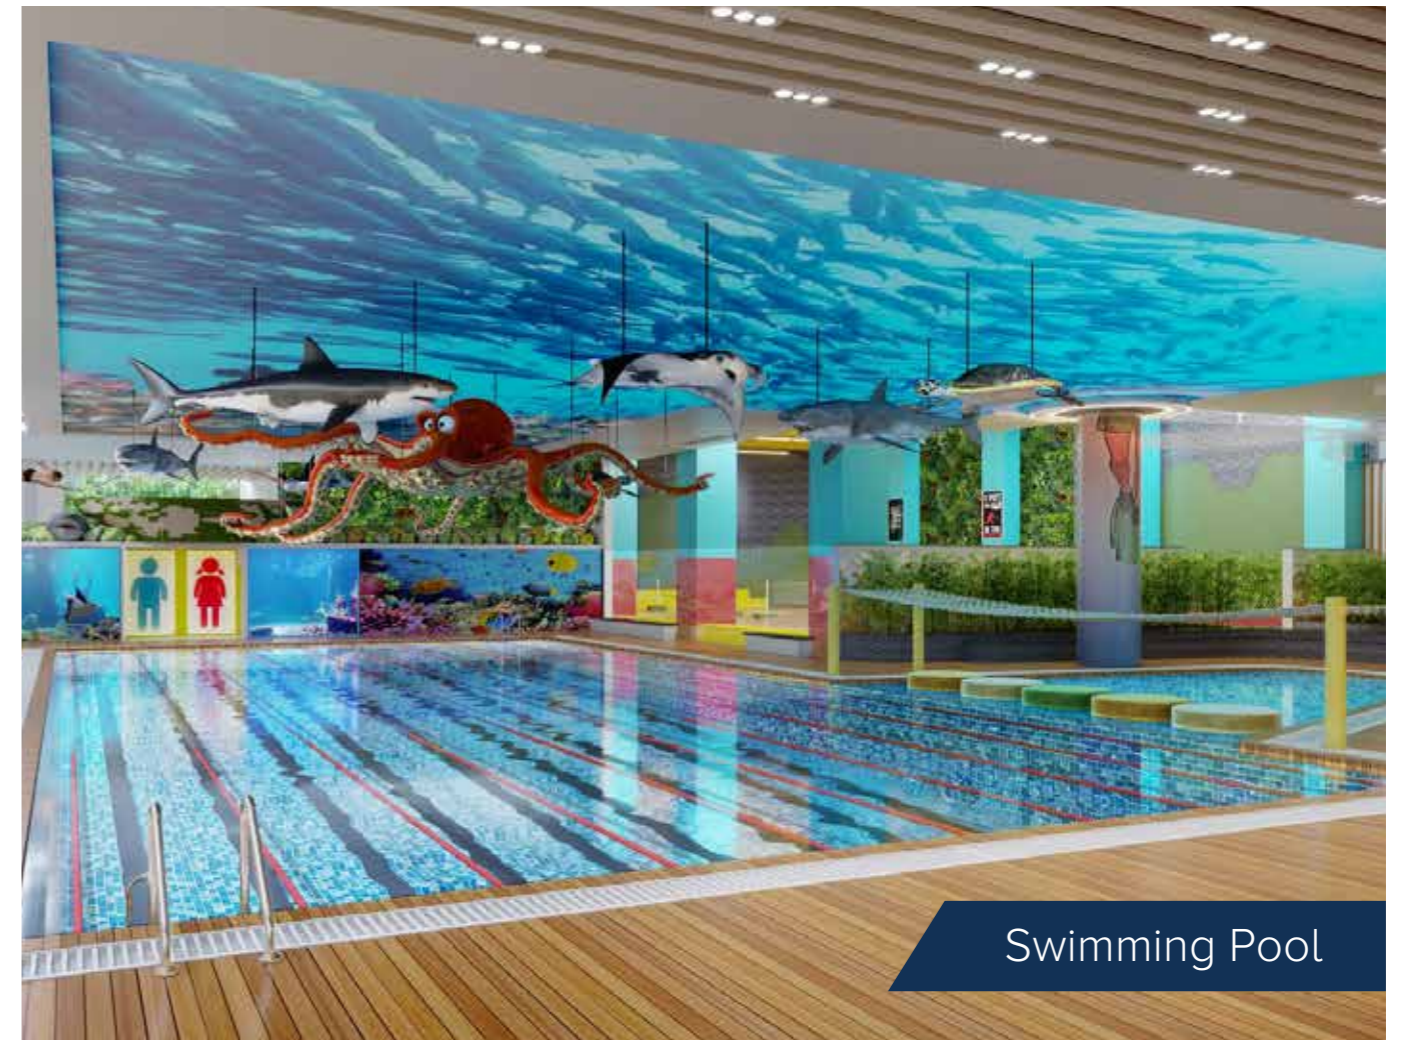

All-weather facility to continue services during all seasons.

MVN Senior Secondary School – Sector 88

is one of the first institutions to give sports its proper due in its scheme of learning. Manifesting this new importance of sports in the overall development of young men and women is our cutting-edge sports complex, which turns the school's copious outdoor space into a world-class sporting facility.

With top-notch facilities available for a range of sporting disciplines, from badminton to table tennis, it's where the love of the game will truly come alive. But there's more with a cavernous multipurpose hall designed to provide an assembly point for the plethora of extra-curricular activities conducted here. Additionally, all aspiring sportspersons gain access to modern and well-equipped gymnasiums, swimming pools and other training facilities.

All our students need is determination and hard work. We provide them with the rest!

The Spirit Of Sports

Sports play a special role in the growth and development of every student at MVN. Activities like yoga, meditation, sports coaching and fitness training are seamlessly blended into the regular timetable to help awaken the spirit of competition, discipline the mind, and toughen the body. Furthermore, special training regimes are developed to nurture every child's unique talents overseen and conducted by sports experts drawn from institutions like NIS, Patiala, and the Sports Authority of India. At MVN-Sector 88, the choice of sporting disciplines students can excel at includes basketball, volleyball, table tennis, cross-fit, and gymnastics.

How Sports Can Help?

Gives students a chance to gain eminence at state & national level competitions.

Introduces students to a world of self-enhancement.

Creates emotional, spiritual, and physical well-being.

Allows students to express their personality and talent.

Built To Excel

The vast expanse of space available to students at MVN Senior Secondary School - Sector 88 wouldn't be as transformative without the world-class infrastructure that surrounds it. Every space, from the intuitive smart classrooms to the well-equipped laboratories, presents an opportunity to delve further into academic concepts and explore a world beyond textbook instruction. It's the perfect enabling environment to inculcate a lifelong love for learning.

Power Yoga

Kick Boxing

Pilates

Kick Boxing & Wrestling

The true sense of physical fitness useful for self-defence is when students practice standing and on-ground tackle and instil that confidence in MVNites so that they are fearless and are able to defend themselves and others

Yoga

Bio Tech lab

Resource Centre

It's a wonderland of exploration. Students are invited to immerse themselves in a whole new world of intellectual stimulation and knowledge. With over 3500 books, we assure you that no taste or academic inclination will be left unfulfilled.

Performing Arts Terminal

Need more proof of MVN's holistic view of education? Look no further than our Performing Arts Terminal, where inspiring work studios provide students the perfect setting to practice arts, crafts, music, and dance. And when they are ready to express themselves, the magnificent open-air amphitheater and AV room become their stage to wow the world.

OUR CURRICULUM

A platform for intellectual development.

At MVN Senior Secondary School - Sector 88, the curriculum is an extension of our holistic and all-encompassing view of intellectual and academic development. Moving past the strictures of a rigid grading system, our multi-dimensional and comprehensive curriculum challenges and empowers our students, helping them discover their unique learning potential. The self-assurance that results from such a liberal approach to education helps create, strong and resilient individuals that our society needs.

Setting The Right Foundation

(Grades I - V)

How do you embed a lifelong love for learning in a young child? By exposing them to a child-centric curriculum, that replaces the drudgery and dogma of one-way instruction, with activity-filled learning. Their first foray into linguistic skills and the development of motor skills are facilitated through art and craft, audio-visual aids, and physical education, giving children an impetus to further develop their creative and life skills.

Laying Out A Path To Growth

(Grades VI - VIII)

MVN's focus on secondary education aims to channelize the latent talents of students positively. Apart from the detailed focus on developing linguistic skills in English, Hindi, Sanskrit, and French, the curriculum also introduces an in-depth knowledge of history, culture, society, and geography. Add to that a robust science curriculum and in depth mathematical knowledge, and these years form the framework of a child's future acquisition of professional skills and knowledge. Along with school curriculum, students are encouraged to participate in various national and international Olympiads and also in Aryabhata - (Mathematics competition for classes V and VIII). Exhaustive coaching with regular assignments are provided to the students, to equip them to be mathematical wizards.

(Grades IX - X)

MVN School, Sector 88 provides in depth preparation for NTSE to its students of classes IX & X. Focus areas for comprehensive learning includes. Mathematics, natural sciences, social sciences and MAT. Extensive preparation in itself offers a big advantage to the students as it build strong foundation for the future competitive examinations. NTSE scholars, apart from bringing laurels to themselves and school; also enjoy an advantage in admission to the reputed colleges in India and abroad.

Ready For The World

(Grades XI - XII)

At a decisive time in a student's life, the unflinching support of an entire institution and its faculty is invaluable. As a culmination of years of holistic academic training, senior secondary represents the final stage in the development of our empowered, empathetic and enterprising alumnus. And these qualities are further reinforced, through practices of cooperative learning, self-direction, and authentic assessments based on real-world tasks.

In the ever changing higher education scenario, gone are the days, where in class XII board results ensure seat in pre-graduation/post graduation institutes. Extensive inhouse coaching is given in Non-Medical, Medical, Commerce and Humanities, to prepare the students for JEE/NEET/CUET. This preparation, benefits the students as they get more time for self study after the school, leaving them with enough time to pursue their interests in physical fitness and other hobbies.

Classes are conducted 5 days a week with, greater emphasis on more number of classes in subject(s) which is/are more important from JEE/NEET/CUET point of view. More than 1200 hours (in two years) are devoted for such subjects.

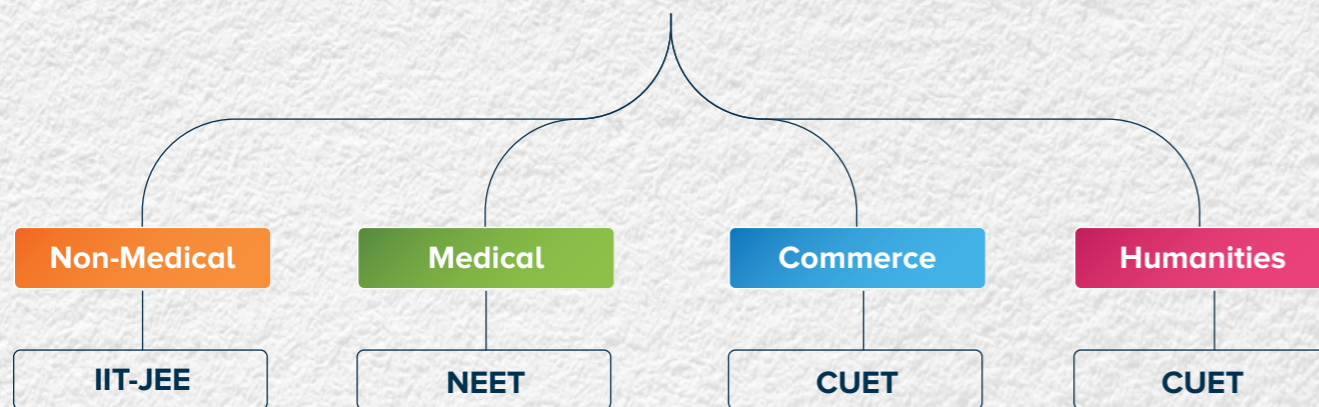

Practice Tests for JEE/NEET/CUET pattern are aligned with school exams so less burden of different syllabus in coaching and school.

Integrated Prep Approach

Integrated Prep Approach

To create a difference in your children's academic life MVN 88 provides **Integrated Prep Approach**, in which we bring a perfect balance between CBSE board and competitive exam preparations. For the students to be well-prepared for these exams we adopt this system into the curriculum.

For Classes XI & XII

ADVANTAGES OF OUR INTEGRATED PREP APPROACH

SINGLE EXPERT FACULTY

For every subject to teach for CBSE board & competitive exams

MORE TIME

Is left for self-study and home-work completion

INTERACTIVE CLASSES

For better communication between students and teachers

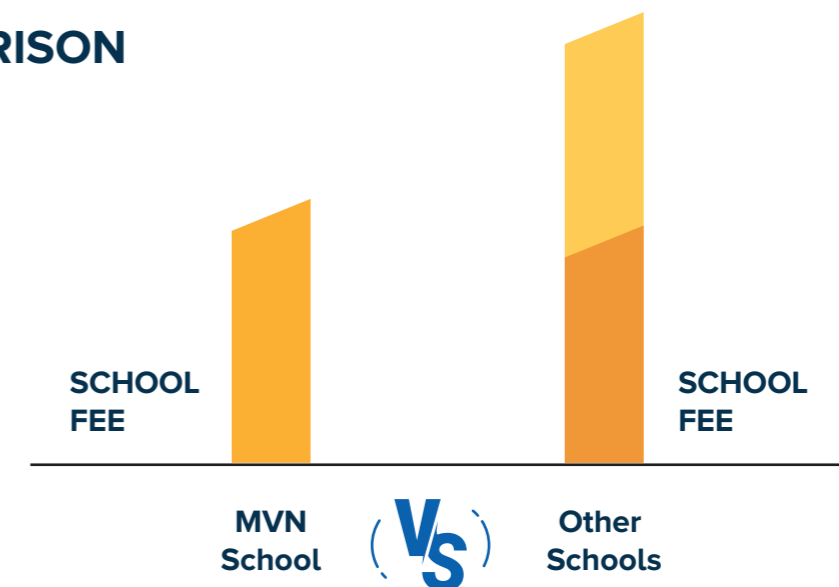

THE SAME SEQUENCE

Is followed for school exams and competitive exams

SMALLER BATCHES

& lesser load on teachers for better focus

CLASS XI & XII FEE COMPARISON

STUDY ABROAD

As the fastest growing economy, India is leaving its stamp across the globe and so are the Indian students who are now seeking admission in the top universities of the world. In the last few decades, international travel and stay have become much more convenient and accessible than ever before. This has surged the movement of Indian students to foreign universities in the USA, UK, Canada, Singapore and Germany among other countries.

Addressing this change in aspirations, MVN Education assists the students with an exceptional in-house admission guidance and training programme. We aim to uplift the students' persona during their tenure at our school and provide a holistic support system to build an extraordinary student profile that stands out in the crowd of foreign university applicants.

We provide in-house training for standardized tests like SAT, ACT and optional exams like Advanced Placement besides being equipped with fully functional Language Labs to ensure a good score in TOEFL and IELTS. Our expert counselors impart effective advice to enable our students to choose the university and the discipline best suited to their talents and aspirations, build an impressive profile with an array of sought after extracurricular activities, and appear in national and international competitions, besides instruction in drafting letters of recommendation and statements of purpose.

Please note that MVN Education encourages students to explore all options available to them outside India but does not prod or force any student to apply abroad in any manner.

MORE TO DO, MORE TO LEARN

While most thinkers mull over the habits of an effective personality, at MVN we aim to create an enabling environment to help students find meaning and fulfillment. Nothing matches the joy of discovering new avenues to pursue a core passion, to be granted the space and time to perfect an artistic expression and to be part of a peer group that recognizes and respects one's abilities. As students embark on their journey of self-discovery and holistic development at MVN Society, they find this and so much more. Joining a club, and dedicating themselves to a hobby becomes the start of an enriching journey to excellence.

Performing Arts Club

Our young energetic music and dance lovers enjoy being a part of this lively club wherein they get a chance to dance to the foot-tapping numbers and also sing melodious songs and soulful bhajans. They also learn various forms of folk songs and dances along with other forms, giving them a feeling of rejuvenation. Our budding artists leave no stone unturned when it comes to expressing themselves with vibrant colors on a canvas. They churn out beautiful artifacts, such as pen stands, envelopes, gift boxes, and many more awesome items from waste material using their creative skills.

Literary Club

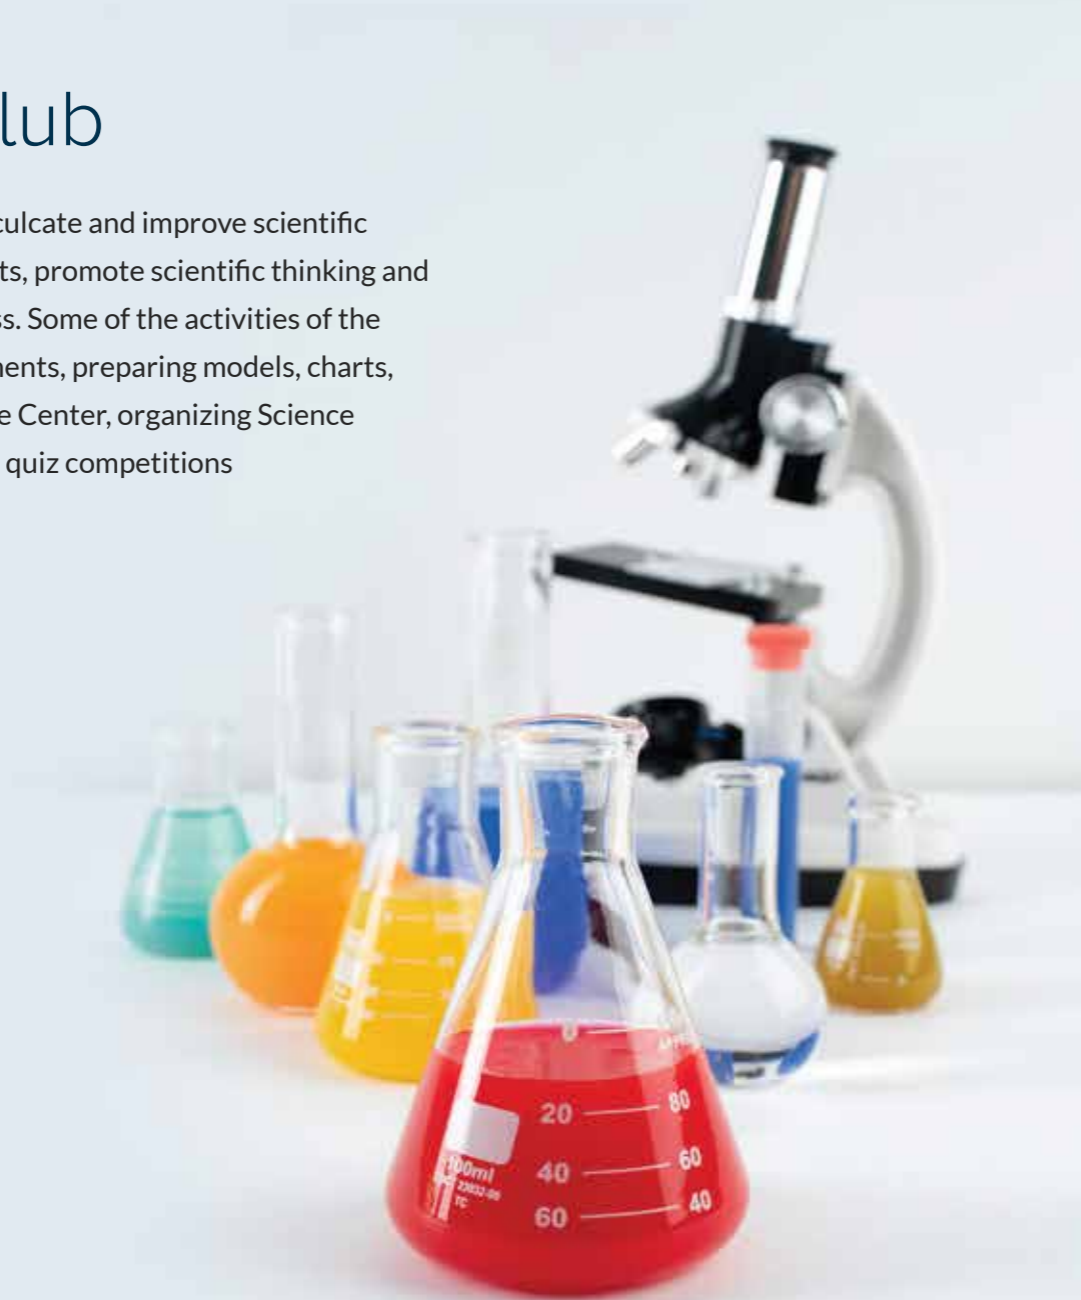

The club aims to foster a love for language, enhance literary creativity, and provide an avenue for self-expression. The club inspires the students to develop a taste for literature and hone their speaking and writing skills. Knowledge of languages is the doorway to wisdom and the skill of using it powerfully is a desirable acquisition. Keeping this in mind, various activities are conducted in this club to improve the pronunciation, enrich the vocabulary and hone the oratory skills of our young linguists, making them proficient in speaking, understanding, and learning the nuances of the language.

Dramatics Club

The English Dramatics Club has been incorporated into the curriculum to bring out and refine the actor in every child. The club envisages developing the self-confidence of the child, improving their presentation skills, enhancing their public speaking abilities, and providing an insight into various characters that they get to enact. The students of the club are encouraged to dream, have a vision and achieve it.

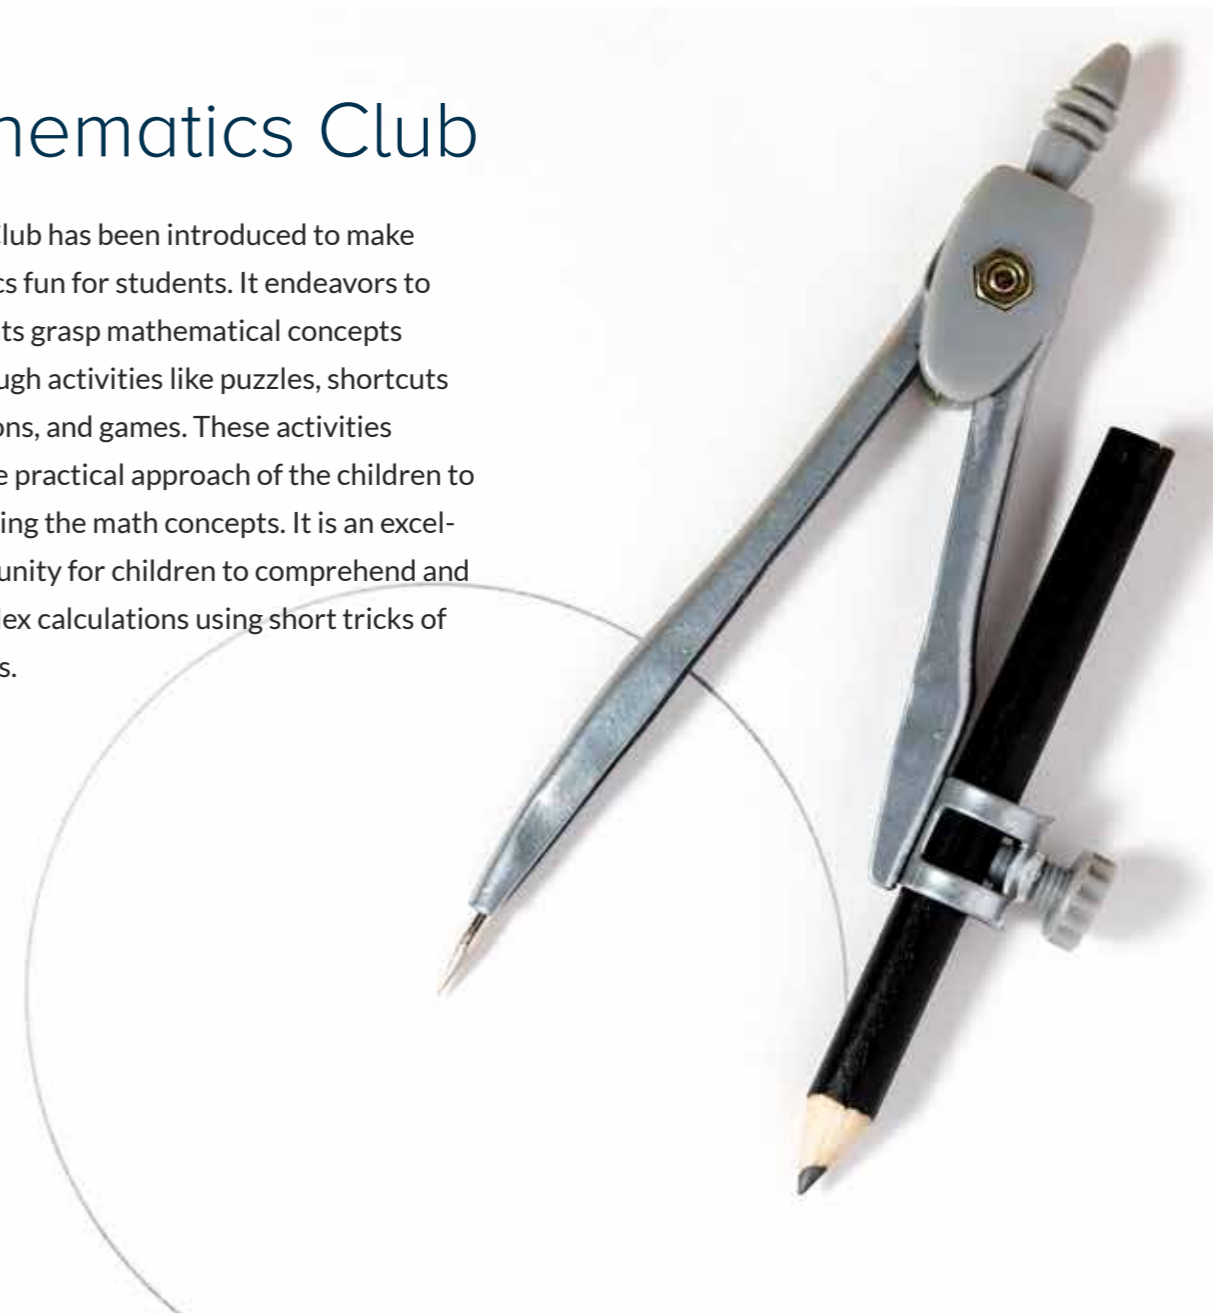

Science Club

The Science Club aims to inculcate and improve scientific temper amongst our students, promote scientific thinking and enhance scientific awareness. Some of the activities of the club are conducting experiments, preparing models, charts, visits to the National Science Center, organizing Science exhibitions, and inter-house quiz competitions

Mathematics Club

The Math Club has been introduced to make mathematics fun for students. It endeavors to help students grasp mathematical concepts better through activities like puzzles, shortcuts in calculations, and games. These activities enhance the practical approach of the children to understanding the math concepts. It is an excellent opportunity for children to comprehend and solve complex calculations using short tricks of Vedic Maths.

Eco Club

Sensitizing our young students to environment-related issues is the main purpose of the school's Eco Club. They undertake tree plantation, organize campaigns and rallies like 'Say no to Poly Bags', 'Say no to Crackers', 'Save Water', 'Save Energy', and 'Green and Clean City.' Projects are initiated and undertaken for eco-friendly surroundings, like 'The Rainwater Harvesting Project', regular maintenance of compost pits and greenhouse in the school premises and participation in community activities related to ecology.

Cyber Club

In the Cyber Club, our young, suave technocrats learn to use different software, create webpages in HTML, add animations in PowerPoint and express themselves through online software. This club gives them a platform to showcase their creative skills, gain awareness of the current trends in computers and improve analytical and logical skills.

Health & Fitness Club

Our young fitness-conscious students are introduced to various exercises like TRX, Aerobics, Zumba, CrossFit, Martial Arts, Spin Cycling, and Kickboxing in this club. They help them increase their endurance, strength and also help them in conditioning their body to build better stamina. Children are also taught yoga which makes them stress-free and flexible.

The Community Outreach Club

The Community Outreach Club aims to help students develop and exercise a strong sense of social responsibility through making an earnest endeavor to contribute to the well-being of the less fortunate.

Students visit old age homes, orphanages, and shelters for differently-abled children to spend time with them, learn about their problems, conduct various programs, share gifts with them and to spread happiness and cheer.

General Awareness Club

The club tries to extend the understanding of various cultures. Various awareness activities propagating the idea of social, political, and environmental issues are conducted. Days of national and international importance are celebrated to spread the message of peace and harmony.

Safety Is Paramount

At MVN, we recognize that all academic considerations are secondary to the safety of our students. And to maintain a sense of trust and security in our students and their parents, MVN Secondary School - Sector 88 features a multi-pronged security system, designed to create a hospitable environment for growth and learning.

CCTV surveillance facility is available in the entire building.

The primary wing is a female-only zone for the safety of our young learners.

Proper employee verification of administrative, teaching, and non-teaching staff is done at the time of their appointment.

High-security is maintained at both the entry and exit gates of the school.

A biometric and face detection system are installed at various points so that parents may remain well informed of their child's movement in and out of the school premises.

The school is fully equipped with fire extinguishers on each floor.

Mock drills related to fire, first aid, natural disasters, and road safety are conducted for students, teachers, and administrative staff to prepare them in case of an emergency.

Regular workshops and counseling sessions are conducted for the students on issues like becoming a better human being, anti-bullying, good and bad touch, gender sensitivity etc.

Regular workshops and counseling sessions are conducted for the students on issues like becoming a better human being, anti-bullying, good and bad touch, gender sensitivity etc.

Regular inspection and maintenance of equipment like water tanks, swings, and play equipment are undertaken.

All indoor and outdoor activities are conducted under the supervision of teachers, regular sanitization of the school building is ensured.

COVID Appropriate Behavior (like temperature checking, use of hand sanitizers, masks, and social distancing) is followed by all students, teachers, and administrative staff.

POCSO (Protection of children against sexual offences) programme is organised which includes regular workshops and surveys conducted by committee members which ensure the safekeeping of students

Medical Room, to provide first aid and care to the students in case of any kind of exigency, a trained nurse is appointed by the school. The school also provides well-equipped with all sorts of facilities such as wheelchairs, oxygen cylinders, and medicines that meet the medical standards.

AC buses are fitted with a GPS tracking system, static camera, first-aid kit, and fire extinguisher for proper safety.

Our Anthem

Arise!, O, Arise! Thou art Destiny's Child!
My MVN, May thee forever Shine
The Glories of yore, the splendour to come;
Beckons Thee! Beckons Thee!
Arise! O, Arise! My MVN, May thee forever Shine!
Be who you are, shine like a superstar
A Tireless striving to ever succeed
An Abode of Joy, where vision and conviction meet;
'Satyamev Jayate' – That is thy Creed
Arise!, O, Arise! Thou art Destiny's Child!
My MVN, May thee forever Shine!
Be who you are, shine like a superstar
An abode of knowledge, where love, compassion and harmo-
ny reign
We are made to be special and happy
We are sculpted to be unique
We train our minds and bodies with equal ease
Arise!, O, Arise! Thou art Destiny's Child!
My MVN, May thee forever Shine!
Be who you are, shine like a superstar
Bless Ye O, the omnipresent divinity
True to Education, we shall always be
Aspire, Awake, Strive, Stop not till the goal is achieved.
Arise!, O, Arise! Thou art Destiny's Child!

Admission Process

MVN School, Sector-88 welcomes visits and inquiries from eager and confident learners. The first step to begin the admission procedure is to fill a Registration form.

Registration forms are available online on the school website www.mvneducation.com. The forms are also available at the schoolreception on all working days (Monday – Saturday).

Duly filled in Registration Forms completed in all respects must be submitted online or at the school office. Incomplete registration forms will not be processed.

Admissions depend upon the number of vacancies available in a class. In case of no vacancy, the registration may not be processed.

The documents which have to be uploaded online or submitted at the school office along with the registration form are –

- (a) Attested copy of Birth certificate.
 - (b) Photocopy of the Report Card of the previous class.
 - (c) Aadhar Card copy of parents.
 - (d) Photograph of Mother, Father and Child.
-

Filling and submission of Online/Offline Registration Form does not guarantee admission to the school.

The school reserves the right to admit the pupil to the class to which he/she is found deserving.

For admission to Pre-Nursery and Nursery, parents are informed about the date and time of interaction.

For admission to classes KG, I to IX and XI the selected students are informed regarding the date and time of academic assessment and interaction with the management representative.

After the confirmation of admission by the school, the admission fee has to be deposited within three working days, failing which the admission would stand cancelled.
